

11/02/09 - keshetdance.org

Project Details

Client: Keshet Dance Company

Industry: Non-profit Dance Troupe

Summary: Mindshare Studios designed and developed a new website for the Albuquerque non-profit, the Keshet Dance Company. The new website provides a simple to use interface so that Keshet can update their website themselves (using a CMS). The new site offers a host of advanced features and is far more search engine friendly than the previous design (which, ironically was done by Mindshare Studios several years ago).
